

# FACT SHEET

## Pseudorabies

## Pseudorabies

### What to do to prevent the disease

- ✓ Vaccinate breeding swine
- ✓ Wash your hands before and after animal contact
- ✓ Know and follow your states pseudorabies control program requirements
- ✓ Keep your animals away from wildlife, rodents and infected animals
- ✓ Isolate new or returning animals from the rest of your herd
- ✓ Restrict traffic onto and off of your farm
- ✓ Monitor and record any necessary visitors or vehicles onto your farm
- ✓ Disinfect any equipment used on animals or vehicles entering or leaving the farm
- ✓ Disinfect footwear after leaving animal areas
- ✓ Wear clean clothing and footwear when coming in contact with animals
